EDUCATION

Vellore Institute of Technology

B.Tech in Computer Science Engineering - CGPA - 7.22

09 2023 – 05 2027

bhopal, india

Aster Public School, Noida Extension

Central Board of Secondary Education Percentage - 74.8

02 2022 – 03 2023

noida, india

Aster Public School, Noida Extension

Central Board of Secondary Education Percentage - 83.8

02 2018 – 03 2023

noida, india

COURSEWORK / SKILLS

- Programming: C++, JavaScript (ES6+)
- Animation Libraries: GSAP
- Databases: MySQL, MongoDB
- Core Subjects: Operating Systems, DBMS, Computer Networks
- Web Development: MERN Stack
- Computer Science Fundamentals: DSA, OOPS
- Tools: Git/GitHub, VS Code

PROJECTS

FitPal – Fitness Tracker Web Application [🔗](#) | [MERN Stack](#), [GSAP](#), [MongoDB](#)

11 2024

- Built a full-stack fitness tracker with **user authentication**, **dashboard**, and features like Workout Database, Nutrition Checker, BMR Calculator, and Workout Analytics.
- Developed a responsive UI using **React.js**, **Tailwind CSS**, **GSAP**, and integrated backend services with **Node.js**, **Express.js**, and **MongoDB Atlas**.

NeuroVision – Brain Tumor Detection System [🔗](#) | [Python](#), [PyTorch](#), [BRATS Dataset](#)

04 2025

- Developed a machine learning model to process **.nifty MRI scans** and detect brain tumors using the official **BRATS dataset**.
- Implemented preprocessing pipeline with **NiBabel**, **NumPy**, **OpenCV** and trained deep learning models using **TensorFlow/PyTorch**.

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript, SQL

Developer Tools: VS Code, Android Studio, IntelliJ

Technologies/Frameworks: HTML5, CSS3, ReactJS, NextJS, NodeJS, ExpressJS, Github, MongoDB

EXTRACURRICULAR

- * Mozilla Firefox Club Member
- * Creator

CERTIFICATIONS

- Introduction to Front-End Development (META) - Coursera
- Machine Learning with Python (IBM) - Coursera
- Python Essentials - Vityarthi
- Programming in Java - Vityarthi
- Fundamentals of AI and ML - Vityarthi
- MATLAB Certified
